

Beechwood Reading Challenge

We want our children, parents and staff to share their love of reading at home with us! Please send photos of your child reading or being read to and we will share them on the school website and Facebook page. We'd love to see the different books or e-books you have been enjoying at home. Please send your photos to learning@beechwoodprimaryschool.co.uk with the subject 'Reading Challenge'. We'll keep adding them to the website.

Book Reviews

Have you read a great book while you've been at home? Have you really enjoyed sharing a particular story with your family? We'd love to hear about it so other children might enjoy the book as well. Complete a book review and send it to us via learning@beechwoodprimaryschool.co.uk with the subject 'Book Review'.

We'll keep adding your reviews to the website so other children might read the books you have recommended. You could even do a video review and send that in for us to watch.

To download a book review template, go 'Parents' then 'Home Learning Support' and it is under the 'Reading' tab of the website.
