

Years 1 & 2

Summer Maths Challenge

Play your favourite game with your family and see who scores the most points.

Go shopping with your grown up, choose 5 items and write the prices down.

Go on a shape hunt in your house or garden. Can you describe the properties of some of the shapes you find? For example, how many sides does it have?

Time – what can you do in 1 minute?

With an adult choose a recipe to follow. Can you weigh all of the ingredients?

Choose some games from the following website to play.

<https://www.topmarks.co.uk/maths-games/5-7-years/counting>

How long does it take you to walk to the park with your grown up?

Can you count in 2's, 5's and 10's?

Can you count forwards and backwards from 0-100?

Record how many pages of your book you read each day.

Use objects in your house or garden to measure how tall you are.

How many objects in your house have numbers on? Which is the largest and smallest number?

Use items in your house (for example spaghetti) to make 2D shapes or numbers.

Go a nature hunt and collect objects. How could you sort these into different groups?

Make some paper aeroplanes and see which can travel the furthest.

Invent your own maths game and play it with your family.
