

Dear, Shelby, Zac, Harley and Lacey,

It's a pleasure to receive an email from you my friends in UK!

I am happy to know that even Shelby is fond of Demon Slayer series. My favourite character in Demon Slayer is Tanjiro.

I have faith in Lacey that she will become an artist when she grows up. My art style is pop art.

I am glad to hear that Zac also loves science. We often do various experiments in our science class. My favourite topic in science is Micro-organisms.

It is surprising that we both like army. A special officer is an officer that investigates.

We had to choose our sports this term and I have chosen cricket as a team sport and TT as an individual sport. I am one of the best TT players in AP house.

I am attaching a picture of me with my family. Hope to see you all soon!

Look forward to your replies.

Bye

Shivam
