

Dear Kim, Kacey, Oscar and George

Thanks for replying back. Congratulations George for joining the school, hope you are enjoying over there. A lot of boys have joined us this year too. I like marvel and playing basketball.

I want to really take an autograph of Michael Jordan. Which superhero is your favourite? My favourite one is Iron-Man. When I was 2 years old I jumped from very high table and had a fracture! It's a funny memory I have of my childhood.

India has a number of tourist attractions which include Hawa Mahal, Golden Temple, City of Varanasi, Jaipur also known as the golden city, Red Fort, Gateway of India, India Gate and Mayo College.

You'll find everything in India from icy mountains to hot deserts, plateaus to plains and deltas. My father has a marble business and my mother is a C.A. We are 10 family members all together. My uncle and grandfather help my father and some marble has also been sent to Mayo by them!

My aunt and grandmother are housewives. I have two cousins and a younger sister I am the eldest one. My sister's name is Hemanya, she is in Mayo School, in lower kindergarten.

I look forward to your replies!

From your Pen-Pal Dasha
