Health & Safety Update

We are awaiting maintenance of a land drain cover at our front main gate entrance on Kentmere Avenue.

This has been highlighted with hazard markings.

Please refrain from walking on/around these lines indicated. See image below

This memo was issued by email also.

We will update you once the repair has been made.

We are also having repairs made to our Gates and Intercom Systems. Thank you for your patience and understanding during these times. Once again we will communicate via our App with any further updates.

Kindest regards

Beechwood Team
