Important: These activities are aimed at young people who are in receipt of free school meals. We have a small allowance for young people not receiving free school meals, but the funding requires that most places need to go to young people receiving free school meals.

If you are interested in these activities, please register and book using the Healthy Holidays website <https://healthyholidays.leeds.gov.uk/>

Some children and families may already be registered from last year, in this case it will just be a matter of booking on to the activities.

If they are not registered, they can register with these instructions.

1. Go to <https://healthyholidays.leeds.gov.uk/>
2. Click on Sign Up Now
3. Enter their email, and a password. Click on Create Account
4. Click on Children, then on Add Child
5. Enter First name, Surname, and Date of Birth of your child, and click Next
6. Complete all relevant details, making your way through each screen, **making sure to include your National Insurance Number. This will allow the system to check for Free School Meal Eligibility.**
7. Once complete, the system will check the child's Free School Meal eligibility. **This process can take a few days.**
8. Once accepted, you can book your child onto activities.

The registration process only needs to be completed once, and the account can then be used to book activities in the Summer and Christmas later this year.

Kindest Regards

Healthy Holidays
