

Disabilities

Parents of disabled children website

Families who have children and young people with special needs very often deal with similar life styles. We have all had concerns ranging from education, access to services, respite and other issues directly related to their Children's needs. Parents of disabled children bring families together for friendship, to share information and to support one another.

The forum was created by parents who have children with special needs and is run by parents so we are all in this together. With us you will realise you are not alone.

Scope

Scope exists to make this country a place where disabled people have the same opportunities as everyone else. Until then, we'll be here. We provide support, information and advice to more than a quarter of a million disabled people and their families every year. We raise awareness of the issues that matter. And with your support, we'll keep driving change across society until this country is great for everyone.
