

Year 3 Summer Term Newsletter ☺

This term our topic is **Ancient Egypt** so we will be having different visitors to help us learn about it. In May, a history expert will be visiting to teach the children about daily life in Ancient Egypt and we will be taking part in a drama workshop to find out about Ancient Egyptian Mummification.

With this newsletter, you have our Ancient Egypt home learning grid that gives you more information about what we are learning. If you find out anything at home or do any of your own research, we would love to see it. Each grid has some ideas for home learning challenges that your child could do. We would love to see the extra learning that they do at home so please send in anything your child makes/learns or finds out at home. These will be rewarded with certificates and class prizes and they will be displayed on the class pages of the website.

Next half term we hope to visit Magna for an excellent science-based trip. More details will follow.

P.E.

This term P.E. will still be on Monday and Thursday for Class 7 and Monday and Friday for Class 8. Please make sure your child comes to school in their P.E. kit on those days. This needs to be trainers and outdoor PE clothes such as jogging bottoms/leggings a T-shirt and a jumper or a tracksuit. Please make sure your child does not wear jewellery (including earrings), vest tops or shoes/sandals for PE.

Homework

We are still focusing on joined up handwriting this term so any practise at home will be really helpful.

Spellings will be sent home on a Monday and children will be tested on these spellings on a Friday.

Please continue to practise multiplication tables, number bonds and reading at home. Your child can log on to Timestable Rockstars and ED Shed Spelling at home (please see us if you need the log ins). Other good websites to use are:

<https://whiterosemaths.com/resources/1-minute-maths>,
<https://www.topmarks.co.uk/maths-games/hit-the-button>

Thank you very much for all your support, please feel free to see us at any time if you have any questions. We continue to be so impressed with your children and how brilliantly they are doing this year.

Miss Callaby and Mrs Mulvihill ☺
