

Hello Year 2,

Because you are unable to come to school today, we thought we would write you a letter with some suggestions of tasks you can do at home. Here are some ideas for activities you could do:

Maths

Hit the Button - We have been focusing on knowing our times tables quickly and accurately. You could also practise knowing your number bonds within 20 to help you become an even better mathematician too.

<https://www.topmarks.co.uk/maths-games/hit-the-button>

Times tables - we have been learning our 2 x and 10 x tables. Could you practise these and bring them in for us to see? Or you could watch a numberblocks to help you learn them?

Choose an activity from your Autumn home learning grids

These can be found in your home learning diaries and on your class page of the school website.

Could you find out some facts about the animals that live in South Africa?

Purple Mash

Choose an activity to complete such as coding, SPaG games or Maths games

<https://www.purplemash.com/sch/beechwood-ls14#/>

Reading

Reading Eggs- there should be a log in for this in your home learning diaries or you can read your reading book or any other book you enjoy instead.

Writing

Can you write a sentence about each animal using adjectives and one conjunction in each sentence?

and so because when
