

Hello Year 6,

Because you are unable to come to school today, we thought we would send you some suggestions of tasks you can do at home. Here are some ideas for activities:

Times Table Rock Stars/ Hit the Button – Practise your times tables

<https://ttrockstars.com/>

<https://www.topmarks.co.uk/maths-games/hit-the-button>

Choose an activity from your Autumn home learning grids

These can be found in your home learning diaries and on your class page of the school website.

Science- Perhaps you would like to do one of the challenges from our science home learning grid. Could you classify some of the items you have at home – what characteristics would you consider?

Purple Mash

Choose an activity to complete such as coding, SPaG games or Maths games

<https://www.purplemash.com/sch/beechnwood-ls14#/>

Writing

Complete a piece of creative writing using this picture. Think about a character (it could be you) and what they will do in the Autumn mist. Are they going on an adventure? You could also write a setting description. Think about your 5 senses (sight, smell, hearing, touch and taste)

You could practise your spellings for the week.

These are:

variety

equipped

cemetery

opportunity

ancient

criticise

government

recognise

leisure

sincerely

We hope to see you all tomorrow,

take care,

Y6 Teachers.
