Friday 27th March 2020

Dear Class 7 and 8,

Hello! How are you? We are writing to you today to say that we hope you are having a lovely time at home with your families and that you are managing to do some learning.

Because we are not all in school together at the moment, we thought we would let you know what we have been doing. Miss Smith has been joining in with the brilliant online P.E. class with Joe Wicks early every morning as she wants stay extremely healthy. Miss Callaby is incredibly impressed with that! Miss Callaby is trying to go for a brisk walk each evening but that is the most exercise she is planning to do. What exercise have you been doing at home?

We very busy planning some exciting lessons about the Ancient Egyptians. Have you found any interesting facts out yet? If you have, please reply to tell us what you have discovered!

We hope you are enjoying your time at home and we would love to hear what you have been up to.

Please write back soon.

From Miss Callaby and Miss Smith 😊
